Here are some suggestions from the 2024-2025 National Auxiliary Outreach Chairman, Bambi Johnson. ***The Auxiliary Outreach Program is about giving yourself and your time***, while showing the public a view of who we are as an organization. The gift of time to others is priceless! Auxiliary Outreach is a partnership formed by one member, a group of members or an Auxiliary for the benefit of their community or its institutions. Attending a City Council or Chamber of Commerce meeting are excellent ways of keeping aware of upcoming community and civic events in your area. Another source of information is your area newspaper or online community Facebook pages.

Your Auxiliary should approve and record in the meeting minutes that they want to partner with an outside organization prior to the event.

- Partner with your First Responders - Assist police with Child ID kits – Assist EMTs hosting CPR training or for water safety classes, not just donate money to the events.
- Partner with senior citizen groups - Deliver groceries or deliver for Meals on Wheels, or Teach a basic computer class at a senior center, not just donate food or money.
- Partner with animal centers - Assist at an animal shelter, not just collect & deliver donations.
- Partner with City/County Departments - Assist with a public area cleanup or renovation – volunteer at the public library when they have an event.
- Partner with food banks or help the hungry and/or homeless. Assist at a food bank – sort donations at a homeless shelter, not just collect donations and take them to the food bank.

All of the above require your time, not in-kind or monetary donations. Also, “No Report” is not a report.
