

The President's Special Project

Fundraising Initiative for the Maryland House
Kitchen Remodel

Overview

The President's Special Project this year focuses on the remodeling of the Maryland House kitchen. After careful planning and consultation, the total estimated cost for the remodel has been set at \$61,000.00. This upgrade is essential to enhance the functionality, safety, and overall aesthetics of the kitchen, benefiting all veterans and their families who use the Maryland House.

Fundraising Goal

To move forward with the remodel, we must raise the full amount of \$61,000.00. Achieving this fundraising target will allow us to begin construction promptly and ensure the project is completed on schedule.

Next Steps

Create a committee to manage fundraising.

1. Develop a comprehensive fundraising plan, including outreach to members, local businesses, and potential sponsors.
2. Recognize and celebrate donors and supporters throughout the campaign.

How You Can Help

- Volunteer to join the Fundraising Committee or assist with events.
- Make a personal contribution toward the kitchen remodel fund.
- Reach out to your network and encourage others to donate.

The success of this project, and together, we can make the Maryland House kitchen remodel a reality.

Let's get rolling and make this vision come true! Earmark Checks Kitchen Fund
