Continue to PUSH for
Membership — We're Almost
There!

Maryland Auxiliaries — Let's Cross the Finish Line!

We've rallied, recruited, and reached deep — and now we're just 34 members away from our goal of 100%+1. This is our final lap, and every Auxiliary has the power to push us across the line.

- 💡 How to Rally the Final Few
 - Host a mini membership moment. At your next meeting or event, take 10 minutes to ask: "Who do we know that hasn't joined yet?" And who has a good rapport with the following members who have not paid their dues? Reconnect with those members. A warm call or visit can reignite their commitment.

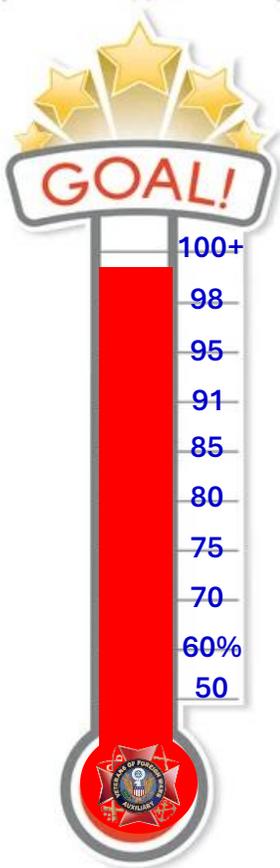

- Celebrate your success. Share your current percentage and spotlight your newest members — momentum inspires action.
- Use your Relief Fund. If someone wants to renew but is struggling, lend a hand. Compassion builds community.
- Make it visible. Post your goal on social media, in your hall, or in your newsletter. Let your members see the finish line.
- Tap into your networks. Ask your officers, volunteers, and families of veterans — many are eligible and just waiting to be invited.

This isn't just about numbers — it's about unity, pride, and the power of Maryland's Auxiliaries to finish strong in support of our veterans the military and their families. Let's rally with heart, hustle, and hope.

The push continues. The finish line is in sight. Let's bring it home — together.

Hand in hand we cross that line,
Strength in step and spirits high.
Together we rise — the goal in sight,
100%+1... Maryland's ready to fly.

With pride and gratitude for what each of you have done so far.
