

INFORMATION FOR Auxiliary & District Treasurers

April 2026

AUDITS

Audits are more than a requirement—they are a vital part of maintaining the integrity and trust of our organization. They ensure that every dollar entrusted to us is properly accounted for and that our financial practices reflect the highest standards of responsibility and transparency.

A well-prepared and accurate Audit tells a clear story. It shows that records are being maintained correctly, that procedures are being followed, and that the Auxiliary is operating in a financially sound manner. Just as importantly, it protects both the members and the officers by providing accountability and preventing misunderstandings or errors from going unnoticed.

Audits should never be viewed as a burden, but rather as a safeguard. When records are kept up to date and reconciled regularly, the Audit process becomes straightforward and even reassuring. It confirms that everything is in order and allows leadership to move forward with confidence.

Ultimately, strong Audit practices strengthen the entire organization. They build credibility, ensure compliance, and support our mission by keeping our foundation secure. When we take Audits seriously, we demonstrate our commitment not only to good stewardship, but to the members and veterans we proudly serve.
